ANNUAL REPORT FOR THE YEAR 2019

SUFFERERS and FAMILIES

Identifying sufferers

On 1st January 2019, we knew of 386 sufferers. At the end of the year, 409 had joined us, meaning that 23 new patients found us in 2019.

Whatever those new patients' native country, whatever the continent they come from, thanks to our website and especially to our Facebook private group dedicated to them, we enable new and old members of CLI to contact each other, share their lives, get support and advice. We have reached our first aim : Breaking sufferers' loneliness.

Access to information

✚ **General :** Thanks to our various media (website, newsletter, leaflet) sufferers and their families have had access to information that enable them to know and assert their rights, to ease their daily life and find their way in society.

✚ **Medical and Scientific :** The rarity of Cutis Laxa means that information and data related to it are also rare, difficult to find. Our role was and will always be to centralise them, edit them, and make them easy to find for sufferers and their families, especially through our newsletter and our website.

Putting you in touch with expert clinicians

That is a request made more and more often, and regularly, from sufferers. Whatever the country they come from, they ask us to put them in touch with expert clinicians for Cutis Laxa. Even if they have been given the diagnosis by their local geneticist or doctor, when a symptom occurs or worsens, they ask us to put them in contact with a clinician who « knows the disorder well ». This is how we have connected sufferers and clinicians across borders.

Helping with access to healthcare

This is an important part of the work done at the European level to organize and set up cross-border care. The rarity of Cutis Laxa means that the experts are not all in the same country and patients are spread worldwide. Thus it is vital for patients to benefit from the expertise of doctors who know Cutis Laxa, regardless of the country the patient and the doctor live in.

THE MEDICAL WORLD

We are always at the researchers' disposal to answer their queries and always do our best to help them implement their projects, either with our sufferers' census or with supporting their calls for grants.

ERN-Skin

Taking part in the European Reference Network (ERN) as Patient Representative is the central pillar of our activities with the medical world. These year's attendance at many meetings enabled us to take stock of the findings from doctors and researchers, especially the new clinical classification of Cutis Laxa now a major element in the improvement of the diagnosis and care for patients. This is the first concrete result of the work on Cutis Laxa in our ERN.

Our collaboration with medical and scientific professionals brings a real added value benefit to patients.

As an example, creating the "satisfaction questionnaire for patients after a consultation" essentially relied on patients' representatives' work. In this way evaluating the quality of European Reference Centres will really show patients' expectations and experiences.

E-PAG (European Patient Advocacy Group) : Patient Representative in ERNs

EPAG's work is done in parallel with ERN's.

In 2019 we got to the heart of the matter after only a year of being set up. Bi-monthly online calls, « homework », face to face meetings, board meetings, our involvement as patient representative really set the pace this year.

Concretely we presented the patients' representation during ERN-Skin Board Meeting. We also took part in a roundtable discussion on the topic "Patients' burden: What do healthcare professionals need to know?" during a training session for young healthcare professionals. Regarding the background work, besides the creation of the Patient's satisfaction questionnaire, we started working on the « Patient Journey » that will allow healthcare professionals to better understand patients' burden and needs.

Moreover, in order to acquire the skills needed to carry out this patient representative's work, we took part in a training session organised by Eurordis.

In addition, Marie-Claude Boiteux, already a patient representative in the sub-thematic group for Cutis Laxa in ERN-Skin (Mendelian Connective Tissue Disorders), accepted in 2019 to become the coordinator of all EPAGs as well as being a patient representative on the Executive Committee of ERN-Skin.

Accepting those responsibilities gives Cutis Laxa Internationale visibility and legitimacy for healthcare professionals, Europe-wide.

FIMARAD

The Health Channel for Dermatology Rare Disorders (FIMARAD) can be seen as the French equivalent of ERN-Skin. This is why we have also taken part in it as much as possible in 2019, even if the lack of fully active volunteers led us sometimes to privilege the work in ERN-Skin because of our international presence.

OUTREACH WORK

Relationship with other Support Groups

-  **Internationally** : Our growing in-depth engagement at the European level allows us to have regular and fruitful contact with other dermatologic organization for patients, as our membership in Rare Disease International (RDI) also does.
-  **Nationally** : Besides being members of national umbrella organisations (Solhand, Alliance Rare Disorders,..), the French Skin Federation gives a new dimension to our national work as we are members of the newly elected board and represent "Rare Disorders".

- ✓ **Locally** : Creating a local network of help and support for Rare Disorders organisations is a very rich experience that boosts resolve and energy. New projects are in the making.

Visibility

Being known and recognised means being visible by the greatest number. That is why we re-started PR and communication work with the media. This is long-term work that, today, is essential.

Involvement in Society and Compliance

Communicating patients' voice and complying with national and European laws regarding private life and personal data protection is very important. We are especially sensitive to those issues : they are at the heart of our work.

ROUTINE WORKLOAD IN 2019

Disseminating Information

- ✓ **The Internet** remains the fastest and cheapest communication tool we have to disseminate information and to help sufferers connect with us worldwide. There are now three ways of contacting us: our website, the public page on Facebook and the private group on Facebook.
- ✓ **Our Website** : The counter indicated 31,351 visitors in January 2019. It showed 40,721 by the end of December 2019, or 9,370 visitors during 2019 and an average of almost 780 visitors per month.

Thus 2019 was the best year since we opened our website in 2002. The second best year is 2003 with 3,110. 2019 has been an exceptional year. Our good place on Google, our regular updates and the recent big update with the new design are all paying off.

- ✓ **Leaflets** : Our two leaflets are printed at home and on demand. This gives us a great flexibility, no need to find space to hold stocks, and it saves money.
- ✓ **Roll-up Posters/Kakemonos** : Always present at all the events we take part in, they are a mandatory communication tool.
- ✓ **CLI ~News »** : An important communication tool, we continue to publish our newsletter twice a year, in French, English and Spanish. Totally home-made it is sent to all our contacts via email and postal mail. Many thanks to the two new volunteers who now look after the Spanish translations.

Projects in the pipeline

- ✓ **Photos exhibition and/or book** : late in 2019 we started working with a professional photographer. Nice projects might result from this in 2020/2021.

Celebrations and events

Besides events allowing us to have an information and sales stall, there were international and national important events in 2019.

28th Februray : Rare Disease International Day. “Macarons Show” with local patissiers.

17th March : Once again this year, « Our Little Stars » gathered together the local organisations dedicated to suffering and disabled children.

Due to the exceptional health situation brought about by the Covid-19 crisis and the consequent orders N°2020-321 and 2020-318 published on 25th March 2020 regarding meetings and votes of councils and boards of moral entities registered under the French law that cannot take place until social isolation is lifted, voting on the 2019 Annual General has either already been cast, digitally or by post, or will be cast on 6th June by proxy to the Chair.

FINANCIAL REPORT 2019

The year 2019 remained steady at a good level with 33 members and 22 donors. The various events we organised or took part in allowed us to keep a good financial balance with a positive result. We can thus think about rising our saving in anticipation of the next Cutis Laxa Days.

Number of Members and Donors

Mission de présentation des comptes annuels - Voir l'attestation du professionnel de l'expertise comptable

Due to the exceptional health situation and due to Orders N°2020-321 and 2020-318 of 25th March 2020 about meetings and votes of councils and boards of moral entities registered under French law that cannot take place as usual due to the covid-19 pandemics, individual votes on the 2019

Financial Report have either already been received via electronic or postal mail, or will be cast on 6th June by proxy to the Chair.

ELECTIONS TO THE BOARD OF DIRECTORS

Mrs Marie-Claude Boiteux, Nathalie Fournier, Martine Richemont, and Mr Chris Boisseaux and Serge Richemont's mandates expire this year.

Thus, the whole Board of Directors has to be renewed, except Mrs Justine Sergeat, Assistant-Treasurer and Mr Georges Beaudonnet, Treasurer, whose mandates expire in 2021.

Standing for election to the Board of Directors :

Mrs

BOITEUX Marie-Claude, outgoing Chair

FOURNIER Nathalie, outgoing Secretary

RICHEMONT Martine, outgoing Administrator

Mr

BOISSEAUX Chris, outgoing Administrator

RICHEMONT Serge, outgoing Vice-Chair

Due to the exceptional health situation brought about by the Covid-19 crisis and the consequent orders N°2020-321 and 2020-318 published on 25th March 2020 regarding meetings and votes of councils and boards of moral entities registered under the French law that cannot take place until social isolation is lifted, voting to elect Directors to the Board has either already been cast, digitally or by post, or will be cast on 6th June by proxy to the Chair.

SETTING THE MEMBERSHIP FEE FOR 2021

As we established, I propose that we agree the membership fee for next year that is for 2021. I propose that is maintained to € 30 for the year 2021.

Due to the exceptional health situation brought about by the Covid-19 crisis and the consequent orders N°2020-321 and 2020-318 published on 25th March 2020 regarding meetings and votes of councils and boards of moral entities registered under the French law that cannot take place until social isolation is lifted, voting on the 2021 membership fee has either already been cast, digitally or by post, or will be cast on 6th June by proxy to the Chair.

PROJECTS AND DRAFT BUDGET FOR 2020

The document covering these is enclosed and I suggest that you take a look at them. Feel free to ask any question or explanation about them before we proceed to the vote. They are in line with the work we have done since we set up « Cutis Laxa Internationale ».

Due to the exceptional health situation brought about by the Covid-19 crisis and the consequent orders N°2020-321 and 2020-318 published on 25th March 2020 regarding meetings and votes of councils and boards of moral entities registered under the French law that cannot take place until social isolation is lifted, voting on project and Draft Budget for 2020 has either already been cast, digitally or by post, or will be cast on 6th June by proxy to the Chair.
